Section 2.5 – Changes to Part D Prescription Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or "Drug List." A copy of our Drug List is provided electronically.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules. For instance, we can immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer. We update our online Drug List to provide the most up to date list of drugs.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your *Evidence of Coverage* and talk to your doctor to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. You can also contact Member Services for more information.

Starting in 2023, we may immediately remove a brand name drug on our Drug List if, at the same time, we replace it with a new generic drug on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions or both.

This means, for instance, if you are taking a brand name drug that is being replaced or moved to a higher cost-sharing tier, you will no longer always get notice of the change 30 days before we make it or get a month's supply of your brand name drug at a network pharmacy. If you are taking the brand name drug, you will still get information on the specific change we made, but it may arrive after the change is made.

Changes to Prescription Drug Costs

Important Message About What You Pay for Vaccines – Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

Important Message About What You Pay for Insulin – You won't pay more than $35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

Getting Help from Medicare – If you chose this plan because you were looking for insulin coverage at $35 a month or less, it is important to know that you may have other options available to you for 2023 at even lower costs because of changes to the Medicare Part D program. Contact Medicare, at 1-800MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week for help comparing your options. TTY users should call 1-877-486-2048.

Additional Resources to Help – Please contact our Member Services number at 1-855-969-5882 for additional information (TTY users should call 711). We are available for phone calls 8 a.m. to 8 p.m., seven days a week from October 1 through March 31, and Monday through Friday from April 1 through September 30. Calls to these numbers are free.

Note: If you are in a program that helps pay for your drugs ("Extra Help"), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the *"Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs"* (also called the *"Low Income Subsidy Rider"* or the *"LIS Rider"*), which

tells you about your drug costs. If you receive "Extra Help" and you haven't received this insert by October 1, 2022, please call Member Services and ask for the "*LIS Rider*."

There are four "drug payment stages."

The information below shows the changes to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.)

Changes to the Deductible Stage

Stage	2022 (this year)	2023 (next year)
Stage 1: Yearly Deductible Stage	Because we have no deductible, this payment stage does not apply to you.	Because we have no deductible, this payment stage does not apply to you.

Changes to Your Cost Sharing in the Initial Coverage Stage

Stage	2022 (this year)	2023 (next year)
Stage 2: Initial Coverage Stage During this stage, the plan pays its share of the cost of your drugs and **you pay your share of the cost.**	Your cost for a one-month supply filled at a network pharmacy with standard cost sharing: **Tier 1 - Preferred Generic:** You pay $0 per prescription. **Tier 2 - Generic:** You pay $12 per prescription. **Tier 3 - Preferred Brand:** You pay $35 per prescription. **Tier 4 – Non-Preferred Drug:** You pay $100 per prescription. **Tier 5 – Specialty Tier:** You pay 33% of the total cost. **Tier 6 – Select Care Drugs:** You pay $0 per prescription.	Your cost for a one-month supply filled at a network pharmacy with standard cost sharing: **Tier 1 - Preferred Generic:** You pay $0 per prescription. **Tier 2 - Generic:** You pay $12 per prescription. **Tier 3 - Preferred Brand:** You pay $35 per prescription. **Tier 4 – Non-Preferred Drug:** You pay $100 per prescription. **Tier 5 – Specialty Tier:** You pay 33% of the total cost. **Tier 6 – Select Care Drugs:** You pay $0 per prescription.

Stage	2022 (this year)	2023 (next year)
Stage 2: Initial Coverage Stage (continued) The costs in this row are for a one-month (30-day) supply when you fill your prescription at a network pharmacy that provides standard cost sharing. For information about the costs for a long-term supply or for mail-order prescriptions, look in Chapter 6, Section 5 of your *Evidence of Coverage.* We changed the tier for some of the drugs on our Drug List. To see if your drugs will be in a different tier, look them up on the Drug List.	Once your total drug costs have reached $4,430, you will move to the next stage (the Coverage Gap Stage).	Once your total drug costs have reached $4,660, you will move to the next stage (the Coverage Gap Stage).

SECTION 3 Deciding Which Plan to Choose

Section 3.1 – If you want to stay in Prominence Plus

To stay in our plan you don't need to do anything. If you do not sign up for a different plan or change to Original Medicare by December 7, you will automatically be enrolled in Prominence Plus.

We hope to keep you as a member next year but if you want to change for 2023 follow these steps:

Step 1: Learn about and compare your choices

- You can join a different Medicare health plan,
- *OR*-- You can change to Original Medicare. If you change to Original Medicare, you will need to decide whether to join a Medicare drug plan. If you do not enroll in a Medicare drug plan, please see Section 2.1 regarding a potential Part D late enrollment penalty.

To learn more about Original Medicare and the different types of Medicare plans, use the Medicare Plan Finder (www.medicare.gov/plan-compare), read the *Medicare & You 2023*

handbook, call your State Health Insurance Assistance Program (see Section 5), or call Medicare (see Section 7.2).

- To **change to Original Medicare without a prescription drug plan**, you must either:
    - Send us a written request to disenroll. Contact Member Services if you need more information on how to do so.
    - – *or* – Contact **Medicare**, at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week, and ask to be disenrolled. TTY users should call 1-877-486-2048.

SECTION 4 Deadline for Changing Plans

If you want to change to a different plan or to Original Medicare for next year, you can do it from **October 15 until December 7.** The change will take effect on January 1, 2023.

Are there other times of the year to make a change?

In certain situations, changes are also allowed at other times of the year. Examples include people with Medicaid, those who get "Extra Help" paying for their drugs, those who have or are leaving employer coverage, and those who move out of the service area.

If you enrolled in a Medicare Advantage plan for January 1, 2023, and don't like your plan choice, you can switch to another Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without Medicare prescription drug coverage) between January 1 and March 31, 2023.

If you recently moved into, currently live in, or just moved out of an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.

SECTION 5 Programs That Offer Free Counseling about Medicare

The State Health Insurance Assistance Program (SHIP) is an independent government program with trained counselors in every state. In Nevada, the SHIP is called Nevada Medicare State Health Insurance Assistance Program (SHIP).

It is a state program that gets money from the Federal government to give **free** local health insurance counseling to people with Medicare. Nevada Medicare State Health Insurance

Assistance Program (SHIP) counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can call Nevada Medicare State Health Insurance Assistance (SHIP) Program at 1-800-307-4444. You can learn more about Nevada Medicare State Health Insurance Assistance (SHIP) Program by visiting their website (http://adsd.nv.gov/Programs/Seniors/SHIP/SHIP_Prog).

You may qualify for help paying for prescription drugs. Below we list different kinds of help:

- **"Extra Help" from Medicare.** People with limited incomes may qualify for "Extra Help" to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75% or more of your drug costs including monthly prescription drug premiums, annual deductibles, and coinsurance. - **Prescription Cost-sharing Assistance for Persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Individuals must meet certain criteria, including proof of State residence and HIV status, low income as defined by the State, and uninsured/under-insured status. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance through the Nevada Office of HIV/AIDS.
