

Prominence Health

Prominence Formulary #5

PROMINENCE MEDICARE ADVANTAGE

2026 Formulary (List of Covered Drugs)

Plans using this formulary include:

Diabetes and Heart Giveback (HMO) - North Texas, South Texas, Palm Beach
Diabetes and Heart Care Plus (HMO) - South Texas

This document contains information about the drugs we cover in this plan. HPMS Approved Formulary File Submission ID: 26439, *Version Number 19*
This formulary was updated on 10/20/2026. For more recent information or other questions, please contact Prominence Health Member Services, at **833-775-MEDS (6337)** or, for TTY users, **711**, 8 am to 8 pm, 7 days a week from October 1 – March 31 and 8 am to 8 pm, Monday – Friday from April 1 – September 30 or visit **ProminenceMedicare.com**.

Prominence Health

2026 Formulary

List of Covered Drugs or “Drug List”

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN

26439

This formulary was updated on **10/20/2026**. For more recent information or other questions, please contact Prominence Health’s Member Service at 833-775-MEDS (6337) or TTY users should call 711, 8 am to 8 pm, 7 days a week from October 1 – March 31 and 8 am to 8 pm, Monday – Friday from April 1 – September 30 or visit ProminenceMedicare.com.

Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (Formulary) refers to “we,” “us”, or “our,” it means Prominence Health Plan. When it refers to “plan” or “our plan,” it means Prominence Medicare Advantage Plans.

This document includes a Drug List (formulary) for our plan which is current as of **10/20/2026**. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2026, and from time to time during the year.

What is the Prominence Health formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Prominence Health in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Prominence network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by Prominence Health please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: https://prominencemedicare.com/get-care/prescription-drugs-part-d/prescription-forms-and-resources/

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

  We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

  If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

  If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Prominence Health’s Formulary?

  Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary or add a new biosimilar to replace an original biological product currently on the formulary or add new restrictions or move a drug we are keeping on the formulary to a higher cost-sharing tier or both after we add a corresponding drug. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therap1y restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective.
  Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

  If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Prominence Health’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of **10/20/2026**. To get updated information about the drugs covered by Prominence please contact us. Our contact information appears on the front and back cover pages. If there is a mid-year, non-maintenance change to the formulary, we will update printed formularies with an errata sheet.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on **page 15**. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to

treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins on **page 13**. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on **page 97**. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Prominence Health covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars.
Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These

requirements and limits may include:

- **Prior Authorization:** Prominence Health requires you (or your prescriber) to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.

- **Quantity Limits:** For certain drugs, Prominence Health limits the amount of the drug that we will cover. For example, Prominence Health Plan provides 60 tablets per prescription for Eliquis. This may be in addition to a standard one-month or three-month supply.

- **Step Therapy:** In some cases, Prominence Health requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on **page 15**. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Prominence Health to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Prominence Health's formulary?" on **page 7** for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Prominence Health does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Prominence Health. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by us.

- You can ask Prominence Health to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Prominence Health Plan's Formulary?

You can ask Prominence Health to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Prominence Health limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

- You can ask us to cover a formulary drug at lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, Prominence Health will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90

days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Members who have a change in level of care (setting) will be allowed up to a one-time 31-day transition supply per drug. For example, members who:

- Enter long-term care (LTC) facilities from hospitals are sometimes accompanied by a discharge list of medications from the hospital formulary, with very short-term planning taken into account (often under 8 hours).
- Are discharged from a hospital to a home.
- End their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to revert to their Part D plan formulary.
- End a long-term care facility stay and return to the community. If a member has more than one change in level of care in a month, the pharmacy will have to call us to request an extension of the transition policy.

For more information

For more detailed information about your Prominence Health prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Prominence Health, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800- MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit http://http://www.medicare.gov.

Prominence Health Formulary

The formulary below that begins on the next page provides coverage information about the drugs covered by Prominence Health. If you have trouble finding your drug

in the list, turn to the Index that begins on **page 97**.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., COUMADIN) and generic drugs are listed in lower-case italics (e.g., *warfarin*)

The information in the Requirements/Limits column tells you if Prominence Health has any special requirements for coverage of your drug.

- **PA BvD: Prior Authorization Restriction for Part B vs Part D Determination**. This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
- **QL: Quantity Limit:** For certain drugs, Prominence Health limits the amount of the drug that we will cover. For example, Prominence Health provides twelve tablets per prescription for Sumatriptan Succinate. This may be in addition to a standard one-month or three-month supply.
- **ST: Step Therapy:** In some cases, Prominence Health requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
- **PA: Prior Authorization:** Prominence Health requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **PA NSO: Prior Authorization Restriction for New Starts Only:** If there is no evidence that you have taken this drug before, you (or your physician) are required to get prior authorization from our plan before you fill your prescription for this drug. Without prior approval, our plan may not cover this drug.
- **NDS: Non-Extended Days' Supply:** Drugs not available for an extended days' supply (i.e. more than a one-month supply) are noted with "NDS" in the Requirements/Limits column of your formulary.
- **GC: Gap Coverage:** We provide coverage of this prescription drug in the coverage gap, if your plan provides gap coverage. Please refer to our Evidence of Coverage for more information about this coverage.
- **LA: Limited Availability:** This prescription may be available only at certain pharmacies. For more information, consult your Provider and Pharmacy Directory or call Member Services at 1- 844-587-7389, 8 am to 8 pm, 7 days a week from October 1- March 31 and 8am to 8pm, Monday - Friday from April 1 -September 30. TTY users should call 711.

- **EX;CB: Excluded Part D Capped Benefit:** Drugs covered by the plan that are excluded by Medicare law that are covered by your plan as a supplemental or bonus drug but do not count toward TrOOP.

- **NM: Not Available by Mail Order:** These are typically medications that need to be ordered from a specialty pharmacy and are listed as TIER 5 medications and are restricted to a 30day supply.

This formulary was updated on **10/20/2026**. For more recent information or other questions, please contact Prominence Health Customer Service, at **833-775-MEDS (6337)** or, for TTY users, **711**, 8 am to 8 pm, 7 days a week from October 1 – March 31 and 8 am to 8 pm, Monday – Friday from April 1 – September 30 or visit **ProminenceMedicare.com**.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at ProminenceMedicare.com. You may also call Member Services at 833-775-MEDS (6337) (TTY/TDD users should call 711) for updated information.

This information is available for free in other languages. Please contact our Member Services number at 1-855-969-5882 for additional information. This document may be available in an alternate format such as large print or Spanish.

Prominence
Medicare Advantage

Prominence Health is an HMO plan with a Medicare contract. Enrollment in Prominence Health depends on contract renewal.
